Gourav Kumar Chejara

Tech Enthusiast | Cybersecurity Student & Problem Solver

gouravkumarchejara@gmail.com | 8829091891 | Mandawa , Rajasthan

https://github.com/sudoGourav | https://in.linkedin.com/in/gourav-kumar-chejara

Skills

Hard Skills: Python, MongoDB, Java, Cyber security, Network Security, Incident Response, ETL (Extract, Transform, Load), Docker, SQL, Hadoop

Soft Skills: Presentation, Problem Solving

Work Experience

Android Application Developer - OASIS INFOBYTE *Jun 2026 - Jul 2026*

Java, GitHub

- Created Android calculator app with Java, XML, handling division-by-zero errors.
- Built Android quiz app with Java, XML, featuring multiple-choice questions.
- Gained exposure to Android Studio, Java, XML development, and app design.

Web Developer - CODING BLOCKS *Jun 2026 - Present*

HTML/CSS, JavaScript, Express.js

Participated in a 6-week remote internship, gaining practical experience in full-stack development and industry-oriented project development.

Technical Projects

End-to-End ETL Pipeline *2026*

Python, Data Cleaning, Docker, SQL, PostgreSQL, ETL

GitHub Repository

- Built an ETL pipeline to process 8,800+ records using Pandas and PostgreSQL.
- Loaded 8,700+ records with data validation and cleaning with Docker.

Web Vulnerability Scanner *2026*

HTML/CSS, Python, JavaScript

GitHub Repository Live Demo

- Developed a scanner to detect open ports and missing HTTP security headers.
- Implemented risk classification (Low/Medium/High) and deployed on GitHub Pages .

Problem Solving & Data Structures

LeetCode

Solved Data Structures and Algorithms problems using Java, C, Python, strengthening problem-solving and logical thinking skills.

Education

Vivekananda Global University Jaipur
B.Tech | Computer Science Engineering (2023 - 2027)

Vivekananda Global University
B. Tech / BE | Computer Science (2027) **CGPA: 6.8**

Adarsh Vidya Mandir
Class XII (2022) **Percentage: 66**

Adarsh Vidya Mandir
Class X (2020) **Percentage: 62.8**

Certifications

- Advent of Cyber 2024 - tryhackme (December 2024)
- Pre Security - tryhackme (January 2025)
- Cyber Security 101 - tryhackme (October 2025 - November 2025)
  Skills learned: Networking, Network Security, Cryptography, Networking Fundamentals

Achievements

- Acknolegement form NCIIPC, Reported sensitive vulnerabilities to multiple Indian govt websites through ethical pentesting efforts.
- Organised the "UI Workshop & Hands-on Project 2.0" at the VGUJ campus, managing 100+ attendees while demonstrating event management and coordination skills.
